With AMD Dual Core A4-1250 processor, Huge 8GB RAM, 500gb hard drive, HDMI output, VGA output, Web Cam, Memory card reader, WiFi and LAN, 3 x USB ports and SD Card reader slot. For sale is this little used HP Pavilion Touch-Smart 11.5" model 11-E001SA computer in lovely condition as illustrated in the photos above with a 500Gb Hard Drive and 8GB of RAM which has been upgraded from Windows 8.1 to fully licensed and updated Windows 10 Home freshly installed (Version 1511, November 2015) and with up-to-date drivers including the latest AMD chip drivers to optimise its performance. It comes in its original box as shown, with all original accessories including the mains power supply. Use the touchpad or the touch screen (like a tablet) to control this device or plug in a USB mouse if you prefer. The laptop has a nice solid feel as well as being light to handle. With Windows 10 it has the best of both worlds - computer and tablet. It also has a user replaceable battery which has lots of life in it as well as three normal sized USB ports and HDMI port. It comes with both the user guide and the maintenance guide as PDF files and a Windows 10 full recovery image on a bootable USB pen drive with instructions so that it can be restored to its original state if needed (or in the event of a hard disc failure) within minutes. This item would make an ideal Christmas present. Grab a bargain!

Price £140 for collection from me in Swansea (cash). I can also post to a UK mainland address in its original box using tracked signed for delivery for an additional £
