

Hi guys, I am currently 10 months into my tattoo apprenticeship. I got my tattoo License in April and have mostly had around 5 months of actual tattoo time for practice so far.

My work is slowly coming along thanks to all of the customers i have been getting due to my cheap price offers. I just want it to continue to build to get better.

So i am looking to reach out to more customers if possible. Therefore, if you need a new tattoo, please feel free to ask me about the design you want and i can let you know whether i can or cannot do it, so that it works out cheap for you.

I can do a variety of styles such as

- Sleeves
- Cover ups,
- Old School
- Cartoon
- Writing
- Logos
- Tribal
- Day of the dead etc.

For both male and female clients.

I can do custom designs too on Photoshop as i can do graphics design and can draw.

I choose to keep my prices cheap/reasonable as I am not in it for the money too much at this stage as I am only 21 & I still need to live, as I have plans to be a tattoo artist. I don't charge for the amount of work/time needed, not per hour, I only charge per millilitre of Tribal Ink. I need to live in it as well. However, my prices for others should still be a lot cheaper than most places. Please check my pictures and my facebook page to see my full portfolio of my work to make you can see the standard of my tattoos. Search 'Dan Dynamo Tattoos' under pages on facebook.

<http://www.facebook.com/lynnadnatoos> I focus only to get better and better and the best way for me to do this is to take more and more customers. So I am hoping my advertisements will help bring more clients to me and also the Tattoo shop where I work.
