If you are looking for van hire, sales or maintenance in the London area, then you'll receive all you are looking for (and more) if you take advantage of our services here at CVS Van Hire.

How can we help you today? Please choose which service you require below.

We've been around for a very long time – since 1960 in fact – and in that time we have built an excellent reputation for customer service that we believe cannot be faulted.

There are 3 key elements to our business, Van Sales, Van Hire & Van Maintenance and Repairs:

Van Sales

All the vehicles we sell are scrutinised, inch-by-inch, by our highly experienced team of expert technicians. For your extra peace of mind, all our vans are backed up by a comprehensive warranty.

CVS Van Hire are also fully licensed credit brokers, meaning we can obtain for you repayment schemes and finance options. We welcome part-exchanges.

Van Hire

We commenced our van hire services over 25 years ago with a small fleet of cars and light commercial vehicles. We have since expanded to include all of the latest independent motor vehicles in the country.

What we can offer you is all van hire services, removal vans, Luton vans, box bodies, removal vans and even tipper hire.

The benefit of hiring your van from CVS is that we always keep on top of the market so that our customers can be assured that the price they pay is the most competitive price in London. What we don't do is lure you in through cheap prices that don't actually exist, or you have to hire a van for 6 months to get that price - we offer an affordable price that includes everything you need.
