A great family car. 112,500 miles and still a smooth drive. MOT due 12.9.16. The 1.5 TDI diesel engine is in excellent condition and not leaking any oil. Had cambelt change at 71,000 miles. 3 owners, 2 keys, full service history and regularly serviced by our excellent local independent garage. All fluids are clear and I cannot see any rust. Cheap to run, annual tax £145 and our average is 53.7mpg. Favourable priced as it has some flaws. There is a dent in the left rear wheel arch, front passenger window is not opening. We have noticed for the last 3 years an occasional knock, the garage cannot find the cause. The electronic instrument panel was changed in 2011 and not reset hence the odometer shows 30,000 miles. Reason to sell; we just want a bigger car. I can send you more pictures The specs are below; Black Cloth interior - Good Condition, Tyre condition Good, Alarm, Alloy Wheels (16in), Computer (Driver Information System), Electric Windows (Front/Rear), Remote central locking, Power steering, Immobiliser, Air conditioning, front fog lamps, Height adjustable drivers seat, 7-seater, Folding rear seats, Electric door mirrors, CD Player, Airbags, isofix seats, 3x3 point rear seat belts, Radio, door pockets, headrests, glove box, storage compartments under seats, steering wheel audio control, sun blinds, childminder.
