this amazing guitar is not being played and needs a good home, bought for £1999 receipt available, all handbuilt, sounds superb, far better than a taylor or martin, it has a solid spruce top, exotic zircote back and sides, Macassar neck, sycamore rosette, koa binding, ebony fingerboard with mother of pearl inlays and mother of pearl pins, der jung gold plated tuners, a koa bevelled edge, for easier playing, and a celtic spiral port so you can hear what you are playing, there are a couple of blemishes on the lower bout, but otherwise, in stunning condition, comes with the mint condition, hard case. this is really for a professional or an amateur wishing to upgrade. you will never get another! an unbelievable cheap price. pics do not do it justice, come and try through my AER amp, call 01323 733517 for more
