Great little van. Only 114.000 miles on the clock and does great miles per galon 55mpg in town and over 60mpg on the motorway driving sensibly. It has full mot and been serviced at beginning of December. It's a pleasure to drive. Body work has some marks and some lacquer peeling and passenger wing is bubbling a bit on the edge but I will try to sort it before sell but I'm not promising so assume it will not be done so if it is it will be a bonus. Still a very good van considering the year, price and.
