Leather armchair available for immediate collection only. Large and comfortable, pinkish-brown colour (described as mushroom) with removable zip-fastening back and arm cushions. Main seat cushion was re-upholstered and re-finished a few years ago but has since faded to a slightly different colour to the rest of the chair. Very small surface tear on one arm cushion (doesn't go all the way through the leather and could be superglued - but not that noticeable). Was part of a 3-piece suite, rest of which was donated to British Heart foundation, but due to issues detailed above, they would not take this chair. Chair is fire-rated with labels intact. Would make a good "den" chair or for spare room. Need to get rid as it takes up too much room with the new suite we bought. Contact Paul. 01323
