Orbit Harrier race/touring road bike - owned this bike since new but it's not being used so its a very reluctant sale . This a British hand built steel bike, with Reynolds 531 tubing throughout. Shimano RX100 (forerunner of 105/Ultegra?) brakes, shifters and derailleurs. Campag Gamma rims on Exage hubs. Headset replaced a while ago but not used since. Shimano 14sp gearset 52T-38T chainrings 14T-28T cassette. Tyres 700\*25 Inc. 2 sided SPD pedals Frame size - medium(54cm seat tube); I'm 5'8" with 31" inside leg and frame feels perfect. Bike useable as is or maybe a base for a project as paint needs redoing. Collect
