We know most clients want one regular cleaner who cleans on the same day and at the same time each week or fortnight; a cleaner who can clean when you are at home or can hold a key to clean your house while you are at work. We can supply you with your own personal cleaner with an excellent back up service covering sickness, holidays or your cleaner leaving and you can have peace of mind knowing we have full insurance cover for any accidents which might occur.

Why not give us a call and check us out? We can give you a quote over the phone or by e-mail and if you are interested we can arrange a visit to discuss your personal requirements in more detail, with no obligation.

Rolling contracts are one month at a time, and due to our large cleaner base (currently over 80 cleaners) we don't have a waiting list or a problem putting in cover, so why not give us a call – we are waiting to help.
