Ashdown VS212 cab, like new. Rated at 300W at 8 ohms. Only used on a couple of occasions. The cab has 2 x 12" speakers with cool retro style vintage grill cloth...really has some mojo. It was part of Ashdown's Valve Series which is no longer produced and getting harder to find. Has feet for vertical or horizontal standing. Also includes Roqsolid padded amp cover which is about £50 new and also in excellent condition. BTW, although this is a bass cab i have the 1x12" version of this and it sounds awesome on electric guitar too. This 2x12" version would give you massive volume and tone too if you wanted to use it with guitar. Cash only on
