

Dyson Hoover for sale. Excellent condition with just over four years. Dyson warranty left. Less than 7 months old. DC28c Multi Floor (2015) Is A Full-Size Dyson Cylinder Vacuum With Ball™ Technology. It turns on the spot and more easily follows the user's path. A central steering mechanism provides greater control. Dyson cyclones remove more dirt than any other cyclone. DC28c Multi Floor (2015) has Radial Root Cyclone™ technology with airways which have been modeled to maximise suction power. It is designed for high dust and dirt removal on every floor type – not just carpet, and the Dual mode floor tool switches between hard floors and carpets with the push of a button. There's also a lightweight adjustable wand that extends to the length you need for convenient high-reach cleaning. No bag. No loss of suction. No more awkward moves. Captures more microscopic dust than any other cyclone. Radial Root Cyclone™ technology – captures more microscopic dust than any other cyclone. Adjustable Dual mode floor tool removes dust and dirt across all floors. With Suction control for difficult tasks. Ball technology™ - turns on the spot. Follows with greater control. Expels cleaner air than any other cyclonic vacuum. Includes hygienic bin emptying, crevice/brush and stair tools. 5 year guarantee.
