Red, 5+ owners, This one comes with Delkelvik sports silencer, seat cowl with original grab handles, Scottoiler, heated grips, HRC tank pad and filter cap trim. This is the last of the 750s! For many, bike journalists included, this is the best road bike ever built. In 1994 Honda revised an already exceptional motorcycle, giving it super-model looks while still retaining those quintessential VFR qualities of legendary reliability, consistent performance and supreme comfort. The bodywork become less angular and gained Ferrari-esque louvres on its side panels. A new frame, swingarm, wheels and exhaust all cut 10kg (22lbs) from the VFR's dry weight, but this is still very much sports-tourer instead of sportster. The ride is smooth, the handling neutral and predictable. The relaxed riding position and armchair-like comfort of the seat means that you arrive feeling human and thirsty for more. The VFR's sublime V4 still impresses. It never gets out of breath and the near tidal mid range wafts you along on waves of unflustered power. For newcomers and more experienced riders alike this bike rewards with a forgiving ride and silky smooth power delivery. The North West's finest family run motorcycle dealership, £2,250 p/x considered Seat Cowl,
