Evolution EVOMAG28 Magnetic Drill 28 mm - 110 V BRAND NEW/BOXED - Sheffield, , United Kingdom
Product Description EVOMAG28 28mm Industrial Magnetic Drill Ideal for Bridges, I-Beams & Framework with Carry Case. This compact Magnetic Drill is deceptive in its capabilities, although small in size it is highly productive in heavy-duty industrial and fabrication work. It is versatile, accurate and portable with strong magnetic adhesion. With so many buildings being built around a steel framework, a Magnetic Drill is an essential product and ideal for site use. It is also easy to carry (with the supplied case) and its light weight makes it manageable to position in both awkward and confined spaces. It offers incredible value and an impressive 13mm (1/2") twist drill capacity with the added capability to use up to a 28mm (1-1/8") cutter. Box Contains EVOMAG28 Drill Carry case Hex key (2, 3, 4, 5 and 6 mm) 13 mm chuck and key
