Very good condition. Surprisingly no scratches or dents on the bodywork, really nice looking car in and out. 5 months mot with no advisories, should pass next mot easily. Starts and drives perfectly. All tyres have very good tread. Service history. Last serviced recently at 96348 miles. Cheap to insure and good on fuel. Kenwood CD player. A lot of car for little money. Any enquires please don't hesitate to contact me.;
