Our belief - The customer is ALWAYS King. What can we offer you ? 1. We create simple websites for small businesses at affordable prices. We use the most common web content platform today, Wordpress, to create a website to your satisfaction. You give us ideas of what you want, and we do the rest. 2. Company Logo designs. Whatever you want, let us know and we can provide the design. 3. Social Media Marketing, done-for-you or consultancy (primarily Facebook). Facebook Marketing and advertising is our speciality. We can create your Facebook Fan Page, complete with header images, and even offer a managed monthly service where we can post for you and keep your page constantly updated. Facebook Ads is something we know well, with many successful campaigns under our belt. If you have a product or service to sell, we can market it on Facebook. 4. Sales/Promotional "whiteboard" videos. You may have seen the popular style of promo videos where a hand draws text and sketches images on the video. That's a "whiteboard" video, and we can provide one for your business or service. We can easily arrange a chat on the phone (or preferably Skype) to discuss your needs and find a way forward. Please feel free to get in touch for a no obligation no-fee chat, and let's see if we can work together. Hope to hear from you.
