Selling my loved Ducati 749 2005

MOT until July 2016

23,000 miles on the clock

Has personalised numberplate which comes with it! P20 SBK

Comes with lots of carbon bits and pieces!

Has been a great runner, no faults and always starts first time.

The battery is currently flat due to no power for battery charger in my new garage, it has not been dead long so will most likely still hold charge if boosted.

Tons of paperwork and receipts come with the bike.

I am truly gutted to be selling the bike but due to a new job i have no option but to sell.

Has always been garaged and looked after, never ridden in the rain!
