i found this website a few days ago <http://goo.gl/tw11vK>, they give you chance to win a PS4 just by submitting email. i used my junk email and sign up for a couple of accounts. they dont make any competition or such, they give the PS4 for free (they actually draw 2 daily winner). this is for UK only. i won yesterday draw. they will hold this program until the end of this month, so hurry!!!
