MERCEDES BENZ A CLASS & VITO LCD PIXEL INSTRUMENT CLUSTER REPAIR (1999-2004)

£99

On this type of Odometer it is usually caused by internal components breaking down within the Instrument Cluster. The repair is carried out by fully qualified electronics engineers. We strip down the Instrument Cluster and replace internal faulty components to rectify the problem. We do not offer "quick fix" we actually replace the faulty parts with new ones required for the Mercedes. (Your mileage reading will stay intact, so there is no need for mileage correction.) Your Mercedes Speedo can be repaired at a fraction of the cost compared with the price of purchasing a new one **COMMON ISSUES**

Failing warning lights  
Speedometer gauge problems  
Flickering Cluster  
Complete power failure  
Pixels failing on screen

## REPAIR PROCEDURE

1. Remove the cluster using the instructions on the website

2. Fill out and print our job form on our web site. If you don't have a printer please write the information on the form including a photo of the cluster and the back of the box. If you don't have a printer, cut out the address label and stick it to the front of the box. We recommend using Royal Mail Special Delivery. If you have repaired the cluster before, we will call you to arrange a repair via telephone.

## WARRANTY AND TURN AROUND

We offer a Lifetime Warranty (T&C's Apply), usually with a 24-hour turn around by post.

If you come to our workshop in Waterlooville (near Portsmouth) we are able to offer a friendly 90-minute fast track service. (Appointment only)
