

R65BBY Robbie Robert Robby Seat Arosa 1.0 low insurance petrol LPG runaround Ro

Location **East of England, Hertfordshire** https://www.freeadsz.co.uk/x-235120-z

R65 BBY Robbie Robby Robert Yamaha R6 number plate

Seat Arosa 1.0 MPi low insurance spares repair Petrol LPGworks on both petrol & LPG gas Rear bumper has a corner dented. Needs a thorough clean inside as the supplementary seat covers perished and dirtied the seats. A valet would bring the seats to excellent condition or you could do it yourself with just a bit of Fairy and a little effort.

Low insurance group. (only group 2 out of 30). Ideal for the newly qualified young driver as insurance is so cheap and the car is not so full of electronics that can go wrong, so cheap to maintain. I've owned this for 10 years and it is a super reliable and economical car. A bit of effort will make it into a car that will last another 10-15 years. Great engine, gearbox, suspension, brakes, etc. Rear brakes were changed 2000 miles ago.

SEAT Arosa 1.0 MPi petrol and gas, manual gearboxmetallic blue 1.0 engine running on Petrol or/and gas (LPG). Has been SORN-ed for the last few years, but always restarted once in a while to keep the engine in working condition and wheels turned. Gas tank is full and the petrol tank is more than half full. Battery not managing to start the engine, but works after jump starting with leads. Folder full of history, full logbook present. Only selling as sitting there unused and getting dusty in the process. No tax, no MOT, no insurance as SORN-ed at the moment, so come with a trailer or drive straight to an MOT place.;
