Looking like something straight out of a Batman film, the Dark edition Diavel as the name suggests has no chrome anywhere from front to back and instead has black brushed aluminium fairings, Black Trellis frame and black stubby exhausts as standard. With 162 BHP, the power and Torque is delivered smoothly across the rev range thanks to tweaks to engine including making the V-Twin a 'twin spark'. Engine mapping modes as standard, as well as Ducati's latest traction control system and ABS. This fine looking example has all the Keys and books as well as a full service history and is presented in immaculate condition as to be expected from such an iconic Manufacturer and a very prestigious Motorcycle! Available on PCP with low monthly payments and can be delivered directly to your.
