This Mercedes Slk Kompressor is a bargain for someone, I am selling at this low price because some of the paintwork has paint blooming. The car itself has been looked after very well by the previous owners and i have receipts of alot of the work that has been done ie the drivebelt, fanbelt and alternator have all been replaced. It also has a good service history and benefits from having a NEW Mot. This car drives great and the gear changes are very smooth in this manual slk. This car comes with 2 remote keys. Message or call for any more information or to arrange a test.
