I have had it for 2 years and I have used it daily for all of the time I have owned it. it has just passed its MOT in November with 2 advisories. the first was rear breaks the second was rust starting to show on the drivers floor which have both been sorted to sell. it also had 2 front tyres for the Mot and I also had front polly bushes on front anti roll bar earlier this year. it has remote central locking fitted. and is a very clean car for age. it has done 111000 miles not that it shows. Open to sensible offers Lots of extras for a classic with heated front screen electric mirrors and windows front and rear lumbar supports in both front seats. It makes it a very moddern and comfortable.
