At Better Printing we have the experience to help you create a unique and stunning marketing brochure. All our square brochures are printed using our Litho print press on premium 130gsm silk. We recommend printing your brochures with a heavier cover of 300gsm silk for a more luxurious look and feel. Our standard square brochures measure 210mm x 210mm but other sizes are also available. We guarantee delivery of your finished square brochures within 5-7 working days of proof approval. We also provide free delivery for all UK.
