It's the same every year New Year resolutions made and most people fall off the wagon by February.

Why?

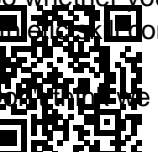

They join a gym full of excitement and expectation then after the first 4 visits feel lost or confused when faced with the vast array of equipment after their initial induction no personal trainers or gym staff to help and guide them. That doesn't happen at Fit.Inc Studio Gym and Dojo where we pride ourselves on our approachable team members and helping our members reach their aims and goals.

Don't let that be you falling off the wagon, come along and speak to one of our team who will be able to help you with some free advice or you can ask about our special new year offers on membership, group training or personal training.

Contact us to book a free no obligation consultation or goal setting chat and find out about the new year special membership offer
