3 months ago we had a new gear box and clutch put in for £1400.

1 month ago we paid another £1400 for the following work back:

MOT

Major service

1 x new fuel injector

New water pump and cam belt

2 x new tyres

New brake pads and oil and few other bits So we have spent £2800 and the head gasket has just blown on New Years day. It's currently at our local garage as a non runner and they're awaiting our instruction.

It's a:

Citroen Xarra Picasso
 Silver 1.6 HDi 92 Desire
 62,418
 5 doors
 YD08APF 10/03/2008

MOT till November 2016
 Car tax till November 2016

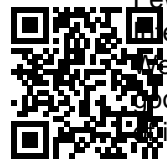

Few minor scuffs and scratches on the exterior (we could use some back to black and t-cut to smooth them out)

Interior is in good condition after a full service

We have a full service history and receipts for all work

Good price for a car in very good condition and tax and MOT for a new car. It's a very low mileage car for a diesel. It's currently at our local garage but we can get it back to you if you want it.

It's a bit but it's a good car for a diesel and has a very good door.
