Surf the net and check out the rivals. And you'll see that nothing in the 125cc class can match what our latest Yamaha YZF-R125 has to offer. That's because this remarkable motorcycle has been developed using the same advanced design and technology that makes our larger capacity R-series models some of the most respected bikes on the street and track. Its radical bodywork is a direct spin off from our World Championship winning R6. And with class-leading features like upside down front forks, aluminium swinging arm and a short-stroke liquid-cooled engine, the YZF-R125 is built to thrill. R6-inspired dual headlight fairing Race-type air intake between headlights High-rigidity upside down front forks Multi function LCD instruments Highly efficient fuel injection system Lightweight race-bred wheels with Y-shape spokes High-tech radial front caliper with floating disc Revised rear suspension linkage for added comfort Forged aluminium rear brake pedal and shift lever Aluminium die-cast passenger
