Location London, London https://www.freeadsz.co.uk/x-237907-z

We will be holding a large indoor market and bootsale in the community hall, just off the high street so plenty of traffic!! This is the first time will be holding the market here but as its just off the high street and it's the community hall we will be expecting a very good turn out. We will be advertising on the radio, local newspaper, plenty of leaflets, large banner and a board on roadside for traffic. We are fundraising for the homeless so all profits will go towards food, clothing and essentials for them. We then drive round and hand out the boxes we make up. We also will be providing tables by the entrance for donations of clothing and essentials. To book a stall please email mrsbeattie1987@icloud
