 Only available	 Stuff is always unique	 No two pieces are ever identical, because each one is	 aboriously assembled by my hands.	 My stuff is priced the way it is because it's worth every penny of that price.	 It's price includes the physical materials in the piece, but the time and care that went into its creation. If you really look at my stuff, you will realize that each and every piece is as individual and unique as you are, and you will quickly agree that my stuff isn't expensive at all.
