white samsung galaxy s4 in box with accessories . Like new except for light cosmetic damage as the letters on the back are slightly worn. Can be seen working. Box included and everything that came with it. Selling as hubby has went back to his s2. Locked to EE network however I used a sim from the people's operator (great deal) and it worked perfectly. I've also included 2 covers although these might not be to everyone's taste lol. £140
