Silver colour. Registered 11th November 2004. Only 71000 genuine miles since new. Service history, MOT until 28/03/2016. Very good condition for this 2004 model. This car has been very looked after and cared for- you can tell from looking at the pictures of the body work and interior. 2 former keepers. Never been used off road. Part leather seats, alloy wheels, power steering, electric windows, electrically adjustable mirrors, remote central locking (with 2 keys), lights left on alert, keys left in car ignition alert, ABS brakes, driver and passenger airbags, comes very well kitted with after-market accessories such as protective front nudge bar (costing £319.78), headlight chrome surround inserts trim set (costing £202.61P), Front grille trim set inserts (costing £77.35P), Wind deflector set (costing £55.61P), Rear window & Side window custom fitted blinds (costing £55.00), Front & Rear Mudflap set (costing £90.68P), Centre Arm Rest/Console with storage (costing £55.26). This amazing little 4x4 is excellent in the snow! So don't get caught out this winter and get stuck! Pick up a bargain now!! Only reason I'm reluctantly selling is because of my growing family! PLEASE NOTE THAT THE PRIVATE NUMBER PLATE DOES NOT COME WITH THIS CAR!! Excellent.
