

Honda SH 2014 (1,995 GBP)

Location **Wales, Gwynedd**
<https://www.freeadsz.co.uk/x-248578-z>

Pink, 125 Learner Legal, 1 owner, We sold this bike new and it has had one careful lady owner, it comes fitted with genuine Honda top box. The SH Mode 125 incorporates comfort, style, reliability and accessibility in its design. The riding position is upright and the seat height is low which makes it easy to get around. There is plenty of useful storage and the Combined Braking System (CBS) ensures confident stopping for the less experienced rider while the engine provides gentle and usable acceleration. The Honda engineers aimed to produce the perfect scooter for urban environments and for riders with diverse riding experience and expectations. The liquid-cooled four-stroke SOHC 2-valve engine is built around a host of low-friction technologies all working together to minimise fuel consumption. The Idle Stop technology enables the scooter to automatically stop the engine running after three seconds at idle and re-starts instantly once the throttle grip is twisted. The North West's finest family run motorcycle dealership, £1,995 p/x
