2005 Toyota Corolla TSPORT for sale, 65063 miles on the clock. Metallic black. MOT until August 2016, no advisories. Will be SORN'd as of November 1st. Interior immaculate, few age related marks on the outside (stone chips on bonnet mainly), stone hit has damaged paint on the bumper (pictured). Car is as standard bar a cone filter, upgraded front speakers (set of Alpine components) and stainless steel backbox exhaust, latter is a bit droney at 60+ mph, (I do have the standard backbox and airbox which can be supplied with the car if wanted at no extra cost). Standard features include ABS, full climate control, front strut brace, TTE body kit and alloy spare wheel. Car is rated at 189 BHP from the factory and changeover comes in at ~6200 RPM giving a good kick as soon as you hit, redlines at ~8200 RPM. Looking for £2800 but serious offers considered, viewing welcomed. No swaps as I've already purchased a new.
