Guardwatch Security offers a comprehensive range of first class professional services to a wide range of private, corporate and public clients world-wide.

From VIP security to manned guarding, from crowd management to Company security training, we are able to offer the ultimate in all-round security services.

Whatever the security need, our experienced management team uses its expertise to tailor-make a service that will fit the client's needs and more, hand-picking staff from a large bank of reliable, motivated security operatives.

Working to the highest industry standards (including SIA ACS and BS EN ISO 9001:2008), the dedication and commitment of the Guardwatch team ensures a satisfied client time after time.

Guardwatch Security UK Ltd is an SIA ACS Approved Contractor for the provision of Security Guarding and Close Protection.
