Put in Thank you for looking today. I am a crosby based Telephone Engineer who prides himself on providing a fast, efficient and cost effective service to the people of Wirral, Merseyside and the North-West. I don't have any expensive overheads or gimmicks, which means I can give you the best quote and service possible. Broadband sockets or speed issues - You may not realise, but your current home phone wiring can hugely affect your broadband speed. I can help you get the best possible internet connection for your area and even advise on the best provider. Speed tests and health checks. Router repair and relocation. I have helped customers boost their broadband by several Mbps! (The best to date was 0.22 to over 14Mbps!!) n visit your home or office, often on the same day, to provide you with a one to one service. I will discuss what you need prior to carrying out any work to make sure I do the best, neatest job for yo Faults - Located and repaired (Where possible. The fault may be down to your service provider, which I will advise you on). It has been known in many cases that the service provider has misinformed the customer that the fault is internal when, in fact, the fault has been the provider's responsibility. I will help seek you compensation for my charges in these circumstances. Click Extensions - A new extension fitted at your preferred location,

with cable hidden as best as possible, internal or external. At a fraction of the price of
