Madison - Men's Gold Quartz Stainless steel case and bracelet of this clock is gilded IPG, forming a solid unit with the stainless steel and can not flake off. With the Miyota quartz movement you always have the time right before her eyes. A very nice contrast, the brown dial with white hands and hour scale deposited. The bezel is gold / brown sold and can be rotated. The date is at 3 clock and is easy to read. The case diameter is 40 mm, the crown is protected, the height is 12 mm. The completely plated stainless steel bracelet is mostly polished and frosted. It can be cut easily and has a safety clasp. The Clock is 5 ATM water resistant. for details and orders visit www.tomys.co
