Verndari now have available a fantastic litter of KC Reg whippet pups born just before Christmas. Parents are both blue which has resulted in a stunning all blue litter, including some solid blues with white markings just on their undersides. They have an amazing pedigree which includes Laguna and Nevedith. Raised in our family home, these puppies have superseded our expectations in every way and are sure to turn heads wherever they go! Excellent quality, happy, healthy and very confident! Both parents have wonderful, amenable temperaments which have been passed down to the pups. Due to this our pups are proving to be calm, confident, inquisitive and gentle, the perfect family pet. Puppies have had their dew claws removed. Puppies will be fully vet checked, wormed and insured with their first vaccination done. Puppies will leave with their KC Reg certificate, puppy pack and lifetime breeder support. Please feel free to contact us with any enquiries. Further details and photos on.
