I have over 14 years experience playing and performing both acoustic and electric guitar. I have extensive knowledge of the techniques you need to learn to start you on a fun and deeply rewarding musical journey. I won't teach you how to get grades or pass exams, but I will teach you the essential skills you need to play your favourite songs, start your own band or just spark a life long passion for playing this incredibly versatile instrument. I teach on the philosophy that learning to play an instrument should be fun and that the overall goal is personal expression rather than progression set by a musical examination board. I charge £15 for an hour lesson at my flat or £20 for a lesson at your home. Send me a message to arrange a free first lesson, discuss your favourite musical styles and what your personal goals are for the.
