Location **West Midlands, Warwickshire**  
<https://www.freeadsz.co.uk/x-250200-z>

Improve your skills in landscape photography with this Photography Masterclass from Alan Ranger Photography. Alan will demonstrate, using photos and explanation, how to take better landscape photos and how water and movement can add a dimensional twist to your shots.

The subject of landscapes is varied and vast - Alan will teach you how to refine your eye and look for the most compelling elements to help capture extraordinary shots.

This landscape photography class is rich in content and diverse in subject matter to show what a wonderful array of opportunities photographers have when it comes to making landscape images.

We will cover:

- \* Landscapes and the options
- \* Camera settings used to make shots
- \* What is done in camera and post production
- \* 10 tips to get better landscapes

\* How to recognise the visual clues

to make the most of the landscape

More masterclasses, courses and workshops throughout the year. See the website for full details. Sign up to the newsletter and blog to be kept informed. <http://www.alanranger.com/photography/>
