IQ training facility offers DevOps Online Training. Our DevOps trainers come with vast work experience and teaching skills. Our DevOps training online is regarded as the one of the Best online training in USA. This course is a foundation to anyone who aspires to become a DevOps Engineer, a Service Engineer in the field of Enterprise Infrastructures. DevOps online training course covers an introduction and DevOps with Amazon WebServices. This DevOps online training, students will learn to develop smaller, lighter web services and their lifecycles. "DevOps" denotes a close collaboration and cross-pollination between previous cases i.e, purely the development roles, operations roles and QA roles. As it is necessary for the software to release at an ever-increasing rate, we can see that the old "waterfall" develop-test-release cycle is broken. Devops provides us with consistent software delivery, Faster resolution of complex problems and neater and crisp feature delivery. Please call us for the Demo Classes we have regular batches and weekend batches.
