

Garden Weed Puller (19.99 GBP)

Location West Midlands, West Midlands https://www.freeadsz.co.uk/x-250593-z

Fiskars Weed Puller W52 i

This weed puller removes weeds mechanically without the use of harmful pesticides thanks to four deepreaching stainless steel claws which grab the tap root efficiently. When the weed has been pulled out, it can be removed with the ejection system helping to release it straight into a waiting bucket and off the lawn. Due to the eco-friendly weeding system, the gardener is able to work in an upright position to prevent muscle strain and backache. The standard weed puller is suitable for most gardeners.

P & P UK mainland only
