The donation plan also known as help plan or gift plan or money order or bucket plan in MLM industry. Donation plans are running various International MLM companies and their MLM networkers, MLM leaders and no doubt the company which managing all the transactions, earning the huge profit in a very short period of time. Basically, this gift or help plan is a concept of give single and got multiple i.e. if you provide a single gift to a member, you got multiple gifts from others. Donation plans are illegal in India and Indian Government declared that its money laundering. However, some countries Government allow such donation or gift plans. This plan is actually not a Multi Level Marketing Plan. Its Basic concept is to send gift to one Member and Receive gift from multiple Members. So member will be benefited with multiple receipt of gift from many members. Members will deposit money or gift directly to another Member as per the name highlighted by the system. Company / Admin will take some charge to run this operation for administrative expensive. Company can distribute some amount from the activation / registration charges. This Plan can be of multiple levels. DNB MLM Software expert team is capable to design and develop MLM Software for such gift plans for the MLM Companies who provides their legal consent in their respected country. Gift Plan MLM Software will have below features: Online registration to Provide Help and Receive Help Different payment methods like Bank Deposit, PayPal, Perfect Money or Bitcoin etc Payment proof upload option Member to view and approve payments to get more help Auto or manual help allocation settings Help transaction history Receipt generation facility Extend more time for particular help Internal messaging system to solve conflicts Our Gift Plan MLM Software has time tested and there are many large gift plan concepts that are developed by our company. Note: Gift Plans are illegal in INDIA ;
