

Hartke VX3500 Combo - 350W, 4x10 Bass Combo in Excellent Cond with Custom built

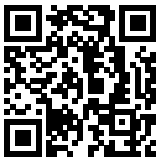

Location East of England, Bedfordshire
https://www.freeadsz.co.uk/x-250968-z

The VX3500 combo combines the best selling classic Hartke 3500 amp with a killer Hartke speaker cabinet loaded with four 10" Hartke VX speakers and a high frequency driver. The VX3500 provides 350 watts of power to the built-in 2-way bass speaker system.

With that kind of power and Hartke's custom designed transducers, the VX3500 is extremely live and punchy. In addition, the VX3500 offers a number of additional advanced features, including front panel compression and graphic equalizer LED indicators, effects send and return jacks, an effects send/return balance knob and a direct output with ground lift and pre or post EQ selection.

- Amp section features tube and solid state preamps, bass, treble and contour controls, 10-band graphic EQ and variable compression.
- Cabinet features 4 x 10 in. traditional paper cone drivers and a high frequency compression driver.
- Solid-braced cabinet construction, with recessed side handles.
- 10-Band Graphic EQ
- Adjustable Compression
- Balanced XLR Out
- Effects Send & Return
- Bipolar Design
- Passive/Active Input Jack
