

Steve Scaffolding from 350

Location

South East, Kent

<https://www.freeadsz.co.uk/x-251129-z>

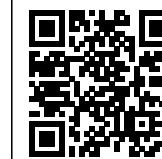

We here at Steve Scaffolding (Kent) LTD are a local, friendly, firm that offer prompt scaffold solutions to all your access requirements, from small domestic jobs to bigger commercial jobs in and around the Kent areas.

Steve Scaffolding (kent) LTD understands that a company's reputation can only be as good as the people who work for it.

We take great pride in saying that all our operatives are fully CISRS qualified and receive regular tool box talks to keep them informed of any changes in regulations and working practices.

Operatives are only ever sent to sites where the task in hand is fully within the limits of their scaffolding qualification.

Always happy to help and trouble shoot any problems that may arise and report back so together we can come up with a solution that is above all safe, practical and keeps all involved.
