MCN said "For a bike with a lineage as race-bred and focused as the Suzuki GSX-R750, it's no small irony that the original superbike is something of a compromise. It has all the handling of the 600 and most of the usable power of the 1000. The result is a motorcycle that's near perfect on road or track. The Suzuki GSX-R750's handling is superb, the chassis flatters the novice and rewards the expert and shock, horror " it's actually comfy." We couldn't have put it any better. This particular machine is in outstanding condition mechanically and cosmetically, which is no surprise given the incredibly low mileage of 5011 miles. The bike comes with the original service book which has 5 service stamps, with a 6th to follow when sold. It is a 2 owner from new bike and comes complete with the original sales invoice from 2001. It was supplied locally and has remained in Milton Keynes since. This bike is completely standard, which makes it quite a rare find! As with all our bikes it is of course HPI clear and will be fully prepared by our workshop prior to collection. Part exchanges are very welcome as we are always looking for used bikes, we are also happy to settle or arrange finance and trade up or down. £3995
