**SIDE END TABLES AT £80.00 EACH**

I found these crates in a market in need of a lot of tlc and restoration.

Both crates' lids were broken but luckily I was able to save the parts where the printing was intact, which I used to make the small doors and the remaining wood from the lid to use it as a shelf.

I repaired the crates and sanded them down to give them a good clean, being careful of not erasing the original printing.

I then gave them 2 coats of bees wax to protect them, while I painted the inside a vintage red to give it a fresher look.

I also used 2 ropes as handles for the doors.

Both crates have a lot of printing on the sides and on the top.

The crates are both made in Uruguay but I don't have proof of this. I bought them in Argentina, Uruguay.

The crates show lots of signs of wear and tear but I think this makes them even more interesting and old.

I think they would both work very well as side/end tables or, if bought together, as bedside tables, giving the room a touch of quirkiness as well as handy storage.

**DELIVER TO THE UK VIA PARCEL FORCE 48 £13.00 for 1 crate or £18.00 for 2.**
