This Vibrant Daytona 675 will knock your socks off its that clean! The 675 Daytona feature's a triple cylinder engine giving lots of torque across the rev range and with 123BHP out the box its no slouch! A very recognisable sound from the standard exhaust produced by the engine! All over very well preserved and you would be forgiven for thinking that its newer than the '56' plate that's shown on the.
