TEMPERATURE CONTROLLERS Our Laboratory is a multi-program International Laboratory Operated By

Worldwide Science Associates For the U.S., Belgian, Swiss, Sweden And United Kingdom ,Asia , Europe Department of Currency (DOC). we have approximately 200 professional scientists staffs, engineers, technicians, support staffs and over 1000 guest researchers annually. We offer machines for large cleaning and also deliver products to any location desired by buyers. This is to inform you that we are committed to serve you better in all ramifications. As regards to our office, We are not invisible entity and we are glad for receiving uncountable testimonies from our numerous customers for the unalloyed services rendered to them.

The first procedure is to meet you face to face and see the samples of the notes with you to ascertain their present conditions. Thereafter, we will conduct an official laboratory test so as to determine the

actual active ssd chemical suitable for the cleaning for a perfect result at the end of the day. However, as a result, the company will send a professional in the field to the job site as the case may be. He will practically demonstrate the cleaning to your presence and you will witness everything.

On the other hand, it is pertinent to pinpoint that our company is entitled to 5% of the money after completing the job. This is applicable when you have lesser notes to be cleaned. Hence, we may come down in terms of the percentage if you have more notes to be cleaned. The higher the quantity, the lesser the percentage to be allocated to us. We are committed to giving you the best result after our job and you are enjoined to comply and reciprocate this kind gesture by giving us a commensurate percentage at the end of the day.
