

Lake District Spring Photography Workshop - April 15th to 17th

Location **North, Cumbria**
<https://www.freeadsz.co.uk/x-252967-z>

Join Alan Ranger for this 1 to 3 day residential photography workshop visiting some gorgeous spots around the Lake District. Includes early morning shoots and a variety of moody and dramatic scenes for you to practice, learn and hone your photographic skills. You'll get the opportunity to photograph a rich variety of landscapes and the seasonal weather creates unique windows to capture reflections, mist, stormy skies and both subtle and strong colours - often all in the space of 1-2 days and sometimes just hours. We will visit approximately 2-3 locations a day during the weekend subject to the wishes of the group, time, weather and other factors. No prior knowledge of photography is required as each student will be taught individually, according to their level. Recognise correct lighting, contrast and texture to shape and form each shot. Learn the impact of using long exposure, shallow depth of field and other techniques. Work with Alan to review your shots, accept new ideas and improve your photography. Choose from tuition only or full residential. 1 to 3 day options available.
