NEW Happy Beds Flexi 1000 SINGLE MATTRESS

Pocket sprung for no roll-off with reflex foam and washable cover. Full description below or Google.

Bought 15/1/16, tried for an hour or so (with sheets) but found it too soft. It's not particularly soft by normal standards but I have a bad neck that makes me fussy.

RRP £200, bought for £105 on offer, now £60 for quick sale.

Not in original packing but in a large durable plastic bag (made for mattresses). You could easily sell it on if that was your intention.

From Happy Beds website:

' The Pocket Flexi 1000 has a special combination of pocket springs and the reflex foam. This makes the mattress a very comfortable mattress to sleep on. The Reflex foam on the boundary of the springs aids in preventing rolling-off the mattress. The Pocket Flexi 1000 is crafted with sanitised materials which makes it hypoallergenic and anti-dust mite. If you have allergies and asthma, this mattress is perfect for you. The cover has a zip off design which makes it easy to dry clean. This mattress conforms to all the British fire

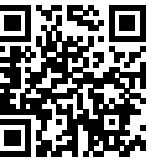

regulations for your peace of mind.

It is a firm mattress, rated 5 out of 10, and is suitable for the majority of people.

It is not suitable for people with a medical condition.

*****IMPORTANT*****

Looking for a no nonsense exchange after a grueling customer service experience, so please do what you can to confirm it is suitable for you.

---	--	--	--	---	--	--	--	--	--

Like I've mentioned this is a nice and comfortable mattress, towards the softer end of the spectrum but well suited for the majority of people, particularly those of a light-medium build & children.

Happy to let you lay on it, in situ, before you buy.

Message me to make arrangements for viewing etc. Have an eBay advert if you want the added protection but otherwise it is cash.
