Voice over IP is a new phone service technology for placing and transmitting voice calls over the Internet that provide the same facilities as provided by traditional phone system companies. These services typically allow dynamic interconnection between users on any two domains over the Internet when a user wants to place a call. For Further Communication Visit Here:- URL : <http://www.xinixworld.com/small-business-hosted-voip-providers-uk> Address : 180 Royal College Street, Camden, London, NW1 9NN Phone No. : 0800 999
